

Export Control News – Support of Russian WMD programs and chemical weapons activities – New additions

In the U.S., BIS has added 14 entities located in Russia, Germany and Switzerland to the Entity List based on their proliferation activities in support of Russia's weapons of mass destruction and chemical weapons activities. Among them, the 27th Scientific Center of the Russian Ministry of Defense (a.k.a., 27th NTs), a facility associated with Russia's chemical weapons activities. In Germany, the three entities concerned are Chimconnect GmbH, Pharmcontract GmbH and RioI-Chemie, and in Switzerland Chimconnect AG.
