# Meet our Development Team

Marc Ben Fatma (on the left) holds a Master degree in Electrical Engineering and a Masters in Business Administration from Sacred Heart University in Luxembourg. He has 20 years of experience as a Developer and is very interested in new technologies. He enjoys activities like travelling and discovering new cultures. He speaks English and French. Marc has been part of the team since October 2022.

Chatphon Hasser, a.k.a Champ (on the right), studied Software Engineering at the University of Central Lancashire in England and has a bachelor in Computer Science from the University of Luxembourg. He previously worked as a JAVA Developer Consultant and as a Software Engineer. Furthermore, during his free time, he created an Android and WEB Console application. He speaks English, French, Luxembourgish, German, Portuguese and Thai. Champ joined RespectUs in October 2022.
